With the average property in Alton valued at \$278K, the average Alton homeowner would have to give up just a coffee-and-donut breakfast combo a week (or \$3.58) in the most expensive year of the bond for renovating Alton Central School. That's an average of \$3.58 a week for safer schools for our kids - and a brighter future for our community.

What's Your Number?

The net increase per \$1,000 in property value = 67 cents/year OR less than two cents a week (\$0.0129/week)
Divide your property value by 1,000, then multiply that number by 0.67. That is the **maximum** amount your property tax will increase if Articles III, IV, and V pass. The bond rate will likely be lower.

What's Your Number?

The net increase per \$1,000 in property value = 67 cents/year OR less than two cents a week (\$0.0129/week)
Divide your property value by 1,000, then multiply that number by 0.67. That is the **maximum** amount your property tax will increase if Articles III, IV, and V pass. The bond rate will likely be lower.
